MEET GLADIATOR WESLEY VISSER

„I entered my first junior bodybuilding competition in Holland when I was 20 years old. I immediately became the winner of my level and afterwards the overall winner.

After that victory I got the taste for winning, and a year later I competed in the same competition but on a higher level. Winning the overall again, on a higher level.

Then, I competed with the very best bodybuilders of Holland and became the overall winner of the Juliette Bergman Classic; the most important bodybuilding competition at that time.

Then I decided to compete internationally and I was the first ever European in London to win my Pro-card by winning the overall of the Classic Physique Class of the Royal London Pro. Very soon, the Chicago Pro competition followed, and as a newcomer in the Pro Class I defeated the competition and earned my ticket to the Mr. Olympia in Las Vegas. This is the highest attainable competition in bodybuilding. The following year, I also participated in the Arnold Classic in Ohio, the competition of Arnold Schwarzenegger himself.”

Wes

GLADIATOR
SPORTS TAPE

Gladiator Underlay Bandage

The Gladiator Underlay Bandage ensures that tape can be attached to the skin, but won't hurt when taking it off. It also improves the effect of sports tape. It is for that reason that the Gladiator Underlay Bandage is used frequently for sports and daily use.

- Suitable for every skin type
- Depilating body parts isn't necessary
- Improves the effect of sports tape
- Can be applied directly to the skin
- Available in different colours

**“ YOU DON’T GET TO RUN.
 YOU ARE A GLADIATOR.
 GLADIATORS DON’T RUN.
 THEY FIGHT.
 THEY SLAY DRAGONS.
 THEN WIPE OFF THE BLOOD.
 THEY STITCH UP THEIR WOUNDS.
 AND THEY LIVE TO FIGHT ANOTHER DAY.
 YOU DON’T GET TO RUN ”**

- Abby Whelan -

Gladiator Kinesiology Tape

Gladiator Kinesiology Tape is a self-adhesive and water-resistant tape made of latex-free material. Kinesiology tape has a stabilizing effect on the joints and stimulates muscle functions and lymphatic drainage. Compared to the human skin, the tape has the most similarities. **1 roll, 3 rolls, 6 rolls, 12 rolls, - available in 9 colours.**

- Self-adhesive and water-resistant
- Made of latex-free material
- Has a stabilizing effect on the joints
- Stimulates muscle functions and lymphatic drainage
- Elasticity, thickness and weight equal to that of the skin
- Used frequently for hay-fever complaints

The resistance belts set consists out of five different resistance levels and is perfect for beginning, advanced, expert and rehabilitating athletes. Use the Gladiator Resistance Belts for fitness, yoga, calisthenics, crossfit, strength-training, bodybuilding, Pilates, physiotherapy and so many more.

- Resistance belts with 5 different levels
- Accessory Gladiator Resistance Belts bag

GLADIATOR
SUPPORT

GLADIATOR

Gladiator Lightweight Ankle Support with Straps

The Gladiator Lightweight Ankle Support with Straps can be optimally tied around the foot by means of laces, not only providing the ankle with optimal protection, but also a perfect fit and high wearing comfort.

- Easy to put on is only a few seconds
- No hard splints, fits every shoe
- Maintains flexibility and has a high wearing comfort
- Brace is light in weight and the additional straps ensure maximum stability
- Considered as the best alternative for taping your foot

EAN code Size S Colour Black:	8719925601798
EAN code Size M Colour Black:	8719925601804
EAN code Size L Colour Black:	8719925601811

Gladiator Lightweight Shoulder Support

The Gladiator Lightweight Shoulder Support's special strap construction provides the shoulder with extra support and stability. The Velcro closures offer compression and the additional strap can be used to stabilise the shoulder even more, without losing flexibility.

- Easy to put on by yourself and highly breathable
- The material is sweat-absorbing, keeping the shoulder dry
- Suitable for men and women
- Special strap construction provides the shoulder with extra support and stability, without losing flexibility
- Perfect for Bursitis
- Suitable for daily use, work and sports

EAN code Size S Colour Black:	8719325203851
EAN code Size M Colour Black:	8719325203868
EAN code Size L Colour Black:	8719325203868

Gladiator Weightlifting Belt

The Gladiator Weightlifting Belt is specifically designed to provide the necessary strength, support and sturdiness needed for weightlifting. In addition, the weightlifting belt is provided with a foam cushion in the middle of the belt, providing extra support. Finally, the design and material ensure optimal comfort and a perfect fit during your heavy efforts.

- Belt can be adjusted to 8 different positions
- Foam cushions keeps the leather belt from cutting the skin
- Broadened middle provides better stability
- Padded flap at the end of the belt ensures extra comfort and stability

Gladiator Ankle Support with Straps

The Gladiator Ankle Support with Straps can be put on easily within seconds like a sock, and offers you the needed support during heavy efforts. And because the brace is made of knitted material, it has an unprecedented high wearing comfort without losing stability and support.

- Additional straps for optimal support
- Feels like a sock and fits every type of shoe
- Perfect replacement for taping the foot
- No splints which makes the brace feel better
- Breathable and sweat-absorbing
- Improves blood circulation

Gladiator Patella Strap

The Gladiator Patella Strap is specifically designed for complaints to the patella and the kneecap. The anatomically shaped gel pressure points have been specifically designed to treat and cure patella and kneecap pain. And because the Gladiator Patella Strap will not slip off and has a high wearing comfort, it is being used for many years for various sports and other daily activities.

- High breathability, making it perfect for sports, work and daily use
- Velcro remains in place, giving the patella strap a long duration
- Maximum stability and a perfect fit
- Equipped with anatomically shaped gel pressure points, which ensure maximum support at all times
- Adjustable gel pelotte
- Perfect for Osgood Schlatter

Gladiator Knee Support with Closed Patella

The Gladiator Knee Support with Closed Patella is specifically designed to relieve the knee in times of weakness, overuse, minor instability and for support after a (minor) sprain or strain. The Gladiator Knee Support with Closed Patella offers comfortable pressure and support with minor complaints.

- Easily fits under your pants
- Perfect for minor knee complaints
- Offers warmth for the muscles
- Improves blood circulation
- Relieves osteoarthritis, bursitis and tendinitis
- Perfect fit

Gladiator Knee Support with Splints

The Gladiator Knee Support with Splints is specifically designed for daily use, sports and work. The Gladiator Knee Support with Splints consists out of two medial and two lateral splints with adjustable clasp and a horseshoe support to optimally stabilise the kneecap. Professional athletes have been using the Gladiator Knee Support with Splints successfully for years, because of these unique qualities.

- Offers the necessary support, stability and protection during heavy efforts
- Gives therapeutic warmth to the injury
- Equipped with a neoprene strap that has nylon padding
- Perfect for instability
- Better protection than a bandage
- Suitable for all types of knee problems

Gladiator Tennis-arm Support

The Gladiator Tennis-arm Support is specifically developed for the functional treatment and prevention of complaints related to a tennis-arm and golfers-arm. The gel pelotte in the brace gives comfortable compression and targeted pressure at the point of the injury, causing the pain to decrease.

- Has an excellent wearing comfort
- Made of breathable material
- Perfect for tendinitis
- Actively supports the elbow during work and sports
- Offers relieve for overuse related complaints
- Improves healing

Gladiator Wrist Strap

The Gladiator Wrist Strap offers optimal support for your wrist, but is not provided with a splint, so your fingers and hand maintain their flexibility. The Gladiator Wrist Strap is a lightweight, comfortable wrist strap for optimal support with all kinds of wrist complaints and for daily use, work and sports.

- Lightweight, comfortable wrist bandage which doesn't contain a splint for all sorts of wrist complaints
- Very comfortable and made of flexible, high-quality material
- Flexibility of the fingers isn't reduced and the hand remains free
- Due to its wrap-shape the Gladiator Wrist Bandage is very airy and breathable
- Perfect for all sorts of heavy efforts, sports and work (also office-jobs)
- Equipped with Velcro, ensuring that the bandage can be adjusted to the comfort of the wearer

Gladiator Back Support without Splints

The Gladiator Back Support is not equipped without splints, in order to guarantee maximum flexibility. The back brace offers comfortable support and stability without hindering you during heavy efforts. The brace is available in 1 size and always fits.

- Suitable for men and women
- Back support slims the waste because it corrects the belly
- Improves blood circulation
- Keeps the muscles warm
- Relieves arthritis, bursitis and tendinitis
- Easily fits under your clothing

GLADIATOR
PROTECTION

Gladiator Body-shield for Goalkeepers

This goalkeepers body-shield offers maximum protection by means of padding on the elbow, shoulders and vital parts. The body shield adapts to the body and because of that it has a perfect fit and high wearing comfort. The body shield warms up the upper body in cold circumstances, and cools it off in warm circumstances.

- The protection shirt offers padding and protection on the elbow, shoulders and vital parts
- Professional compression shirt with long sleeves with Hex-technology in the arms and shoulders
- Body-shield is sweat-absorbing
- The body-shield stretches and adapts to the body

Gladiator Hip Protector – Goalkeepers Shorts

The Gladiator Hip Protector – Goalkeepers Shorts come in a half-long and long version and the pants offer optimal absorbing protection and high wearing comfort. The protection is mainly attached to the hips and thighs, guaranteeing a safe feeling, so you can jump, slide and dive without hesitation.

- hDc technology provides up to 4 to 6 degrees cooling or warmth
- HexPad system provides optimal flexibility
- Tight-fit pants with double layer
- Extra protection for the hips and thighs
- Sweat-absorbing

**" I AM BORN TO FIGHT,
BUT THEREFORE I ALSO FEEL VERY TIRED SOMETIME...
BUT I KNOW, AGAIN I WILL HAVE TO FIGHT,
I AM A GLADIATOR, I HAVE TO SURVIVE.
SO I WILL FIGHT..."**

- Bipradip Sarkar -

Gladiator Hip Protector – Goalkeepers Pants

The Gladiator Hip Protector – Goalkeepers Shorts come in a half-long and long version and the pants offer optimal absorbing protection and high wearing comfort. The protection is mainly attached to the hips and thighs, guaranteeing a safe feeling, so you can jump, slide and dive without hesitation.

- hDc technology provides up to 4 to 6 degrees cooling or warmth
- HexPad system provides optimal flexibility
- Tight-fit pants with double layer
- Extra protection for the hips and thighs
- Sweat-absorbing

GLADIATOR
COMPRESSION

Gladiator Compression Socks

The Gladiator Compression Socks differ from normal socks because they offer comfortable compression and stimulate the blood flow, resulting in a direct decrease of foot complaints. The effect of compression socks is scientifically proven.

- Faster disposal of metabolic waste during and after exercise
- Less fluid retention in your feet
- Less sagging of the foot arch
- Less irritation of the tendon plate
- Better blood flow and a decreased burning feeling in your feet
- Supports stretched and weakened muscles
- Designed for daily use, work and sports
- Causes direct relieve

EAN code Size S Colour Black: 8719325203127

Gladiator Compression Tubes

The Gladiator Compression Tubes have the same effect as compression stockings, the only difference is that there is no foot piece attached to it, which keeps your foot free to wear a sock. The Gladiator Compression Tubes are mainly used to prevent calf injuries when practicing sports.

- Faster disposal of metabolic waste during and after heavy efforts
- Reduces and prevents muscle cramps and tears
- Gives support during training build-up
- Improves blood circulation
- High breathability resulting in less warm legs
- Provides better energy in the legs

Gladiator Thermal Tights Long (Men & Women)

The long thermal tights is the longer model of the thermal shorts. This long thermal tight keeps the legs warm in cool circumstances, and cool in warm circumstances. The thermal tights have a perfect fit, offer the most comfortable and effective compression and the comfortable fit prevents skin irritations. And the thermal tights can also be used as compression tights.

- Muscles get warmed up and stabilized when temperatures drop below 7 degrees
- Body heat is retained and the circulation is improved
- Tights are suitable for both summer and winter – perfect for circulatory problems (also varicose veins)
- Provided with UPF 30+ that protects your skin against harmful solar radiation
- 4-way stretch fabric for better freedom of movement – Moisture Transport System drains sweat
